

Cardiff Cycle City - Justice for Cyclists Campaign

Response from:

Candidate **Mark Hooper**

Party **Plaid Cymru**

Constituency **Cardiff Central**

Thank you for writing to me about the current justice system and how it fails cyclists. I absolutely agree that not enough of us feel safe and confident when cycling, and that the current legal system does not provide adequate sanctions for drivers who cause death or serious injury to cyclists.

I have read the All Party Cycling Group's report and would wholeheartedly agree with the 14 recommendations outlined; should I be elected I will certainly throw my weight behind this campaign.

Kind regards
