

Cardiff Cycle City - Justice for Cyclists Campaign

Response from:

Candidate **Steffan Webb**

Party **Plaid Cymru**

Constituency **Cardiff North**

We support the valuable work being done by Cardiff Cycle City and if elected will campaign to ensure the recommendations of the Parliamentary Cycling Group.

Our 2017 manifesto includes a commitment to better integrate cycling and public transport. This will encourage more people to cycle and also make cycling safer and more attractive option.

We want to have a system fit for the 21st century allowing easy travel in and around Wales which encourages people to cycle.

We also support any initiatives on a Wales and UK level which help make cycling safer.

We agree that improving cycling routes and safety leads to less congestion and a healthier population.

Thank you

Steffan Webb

Plaid Cymru candidate for Cardiff North
